On the surface, most schools look alike—buildings, personnel, curriculum, and budgets. The A.C.E. program is different. For over 40 years, it has been the trendsetter in Biblical educational reform. Its philosophy is built on basic principles of the Word of God. Students are taught to see life from God’s point of view, to take responsibility for their own learning, and to walk in Godly wisdom and character. Accelerated Christian Education® is not just a publisher but a comprehensive Bible-based program that serves both the campus-based school and the home school.

Character Development

Godly character training is part of the A.C.E. learning experience, and it prepares students to welcome and accept challenges and future opportunities. Sixty character traits, such as kindness, loyalty, and honesty, are taught within the curriculum. Students can observe character development in the true-to-life character strips and then apply the Godly character lessons to their own lives.

Scriptural Foundation

Challenging and highly effective, the A.C.E. program is an extraordinary educational approach, Biblical in its core, that prepares students for tomorrow’s world while giving them traditional moral values that will last a lifetime. The curriculum conveys Biblical values and concepts considered foundational to meaningful interpersonal relationships and productive learning in such a way as to become life-shaping influences.

WOODLAND HILLS
CHRISTIAN ACADEMY

Bro. Charles Hunt
WHCA Chief Administrator

Surrendered to the ministry at the age of 17 years old at First Baptist Church, Corrigan, Texas. He attended East Texas Baptist University, Marshall, Texas and graduated from Louisiana Baptist University, Shreveport, Louisiana. He married his wife, Becky, October 2, 1976. In 1999, he started an ACE School at Ridgewood Baptist Church in Port Neches, Texas. In August, 2004, he accepted the pastorate at Woodland Hills Baptist Church, Longview, Texas. The church has experienced steady growth in all areas. In the midst of constant building, the church has continued to reach out to the community through major evangelism and missions. Bro. Charles has blessed Woodland Hills with his firm conviction in the Word and in practical morals, uniting us with strong leadership, thoughtful goals, and a working strategic plan for our church and its ministry - through faith and love, in fellowship and in our everyday lives.

Bro. Aaron Perkins
WHCA Principal

Bro. Aaron comes from a long legacy of ministers. From his grandfather, to father, uncles, brother, and cousins, he has seen his family stay true to the calling God has placed on them. He holds a bachelor's degree in Sacred Music from East Texas Baptist University and a Master's of Arts in Worship from Southwestern Baptist Theological Seminary in Fort Worth, Texas. He married Jennifer on August 4, 2007. She plays a vital part in the staff of WHCA as lead teacher of the lower learning center. They have 5 children, all happily enrolled in the WHCA. He was called to be the Minister of Music at Woodland Hills in October 2003 and continues to lead and serve in the music ministry as he accepts the role of principal. His desire is to see children receive a Christian education rooted in the very Word of God.

FREQUENTLY ASKED QUESTIONS

WHY WOULD YOU WANT TO CHOOSE A SMALL SCHOOL?

Although a large school definitely has advantages over the small school in certain aspects like budget, facilities, sports programs, bus programs, hot lunches, etc., a properly overseen small school, with extremely low student to teacher ratio, provides greater opportunities for the students simply because of the significantly greater personal contact each student receives every day from their teachers.

Instead of being "locked in" to a predetermined pace for advancing through their schoolwork, faster students, may, under close supervision, exceed the "normal" academic expectations. This, in turn, offers them opportunities to work on extra-curricular projects or advanced elective subjects that cater to their own interests and abilities. Because of our program and small size, other students, who, for whatever reason, have been left behind, are able to receive the consistent encouragement and attention they so desperately need to catch up in their weaker subjects. Simply put, our students do not (and cannot) get "lost in the crowd" or "left behind" by the system.

WHAT DISTINGUISHES YOUR SCHOOL'S MISSION FROM MOST OTHERS?

First, we are a Christian school whose primary mission is to present Jesus Christ to each student as the foundation for life itself. We believe that the purpose of this life is to prepare us for our eternal lives after death. Jesus Christ gives the reason for this hope which, in turn, then gives us reason, purpose, and motivation to live and prosper. If we can first prove this foundational truth to our students, they will have reason, purpose, and motivation to learn during their school days and throughout their lives.

Second, our program strongly emphasizes moral character building, the patterning of our lives after the example of Christ himself. In addition to encouraging the memorization of Scripture, each student is taught sixty of the major Godly character traits as shown in the life of Jesus. We believe that an education that does not teach moral behavior would be very incomplete.

Finally, our academic program is mastery-based. This means that students may not advance until they master their currently assigned academic material. This prevents learning gaps that are commonly acquired through conventional classroom schooling where the student moves on with the rest of the class, even after failing an exam. At our school, mastery is considered an 80% or above, and a failure results in the student having to repeat the material until they achieve success.

Do the students spend the whole school day in front of their books?

Not hardly! In addition to their PACEs (regular coursework) and scripture memorization, students will participate each day in either P.E., art, or music. There are break times, playground activities plus much more.
