## From My Heart...

Thanks for coming to worship with us at Woodland Hills today. Our prayer is that you will have a wonderful, worshipful experience with our Lord today. We'd love to get to know you and connect and help in any way possible. Just let us know how we can help.

There is a story told about two lines of husbands in heaven, one for the dominant husbands and one for the passive, submissive husbands. The submissive husband line extended almost out of sight. There was only one man in the dominant husband line. He was small, timid, appeared to be anything but a dominant husband.

When the angel inquired as to why he was in this line, he said, "My wife told me to stand here!"

I believe that one of the greatest problems in marriages today is that men and women do not know what the other one really needs to satisfy their needs. The needs of a man and a woman are completely different. I praise God that we're not all alike. That would make life so boring. But we're each different. And in many cases, not all, but many, God seems to put couples together that are almost total opposites. That makes for some challenging and exciting days!

Our church will be strong when families are strong in the church. Families will be strong in the church when husbands and wives are strong in their marriages. It's a progression, and wherever the weakest link is, there you will find the possible avenue of destruction.

So our goal is to find that weakest link, bath it with the Word of God, Holy Spirit led prayers, and then Godly, practical application. James says it like this..."Submit yourself to the Lord, resist the devil and he will flee from you." It must start at the beginning...so it is with a Godly family. God bless you as we celebrate and brag on Jesus today!

Bro. Charles
