## FROM MY HEART...

All of us could think a little bit and remember some wise advice that we have received over the years. It may have some from parents or family, from school teachers or Sunday School teachers, or maybe even from a boss or co-worker. I've thought about some that have been a blessing to me...

- Always keep smiling...it makes people wonder what you've been up to
- Never drink downstream from where the horses or cows are...
- Early to bed, early to rise
- A candy bar a day keeps the doctor away...maybe that was an apple (It's been so long ago!)

Looking through the Scriptures, if you were to ask the Disciples what is the best advice they ever received from Jesus, they may have referred back to Matthew 7:21-29. It's the story of the wise and foolish builders. The point is this...when you construct your house build it on the rock. When the winds blow and rains come it will still be there after the storm. Those who build on the sand will end losing everything.

I know there are many great spiritual opportunities for Christians every day...a new book, a new movie, video, or DVD.

We have a tremendous opportunity to create a Biblical based, Christian school. It will be a school for those who want to excel in education. If it stopped there, we would be just another school among many great schools. Our area is blessed with some of the best schools in the state of Texas.

Woodland Hills Christian Academy will not only excel in education, but it will teach the Word of God, stand and operate on Christian principles, and be a ministry that will strengthen students and families.

Can you imagine a school where the Scripture is read and memorized daily, where the pledge of allegiance is said daily, where prayer is the backbone of everything done, where students participate in chapel on a regular basis?

You can help that dream become a reality by making a sacrificial gift to the CHEST OF JOASH today. It will not be just an investment in a school, it will be an investment in the lives of our children and youth. It's going to be great watching and anticipating how God is going to use this new tool to build a solid foundation!

Preparing People For The Coming Lord,  
Bro. Charles
